Product data sheet Automation technology - sensors and actuators

Product description

M12-A female panel mount connector, Contacts: 8, not shielded, solder, IP68, UL, PG9

Area Order number M12-A series 713 86 4232 1002 00008

You can find the assembly instructions on the next page.

Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.
