Product data sheet Connectors for medical applications

Product description

Snap-In IP67 (miniature) female panel mount connector, Contacts: 8, not shielded, solder, IP67

Area Order number Snap-In IP67 (miniature) series 720 99 9128 400 08

You can find the component part drawing and assembly instructions on the next page.

Technical data

General values

Connector design Connector locking system Termination Wire gauge (mm) Wire gauge (AWG) Upper limit temperature Lower limit temperature Customs tariff number Packaging Unit

Cable data

Cable length

female panel mount connector snap solder max. 0.25 mm² max. 24 $85 \degree$ C $-25 \degree$ C 85369010100

2 m

Electrical values

Rated current (40 °C) Rated voltage Rated impulse voltage Pollution degree Overvoltage category Insulating material group Insulation resistance EMC compliance Degree of protection Mechanical operation

Material

Contact material Contact plating Contact body material Housing material REACH SVHC 2 A 125 V 1500 V 2 II $2 \ge 10^{10} \Omega$ not shielded IP67 > 500 Mating cycles

CuSn (bronze) Au (gold) PA (UL94 V-0) PUR CAS 7439-92-1 (Lead)

Security notices

The connector must not be connected or separated under load. Non-observance and incorrect use can result in personal injury.

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.
