Product data sheet

Connectors for medical applications

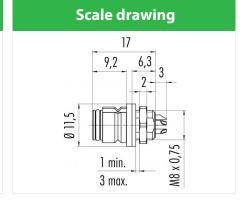

Product description Snap-In IP67 (subminiature) female panel mount connector, Contacts: 8, shielding is not possible, solder, IP67

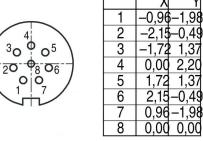

Snap-In IP67 (subminiature) series 620

Order number 99 9228 070 08

Illustration

Contact arrangement (Plug-in side)

You can find the component part drawing and assembly instructions on the next page.

Technical data

General values

Connector design Connector locking system Termination Wire gauge (mm) Wire gauge (AWG) Upper limit temperature Lower limit temperature Customs tariff number Packaging Unit

female panel mount connector snap solder max. 0.25 mm² max. 24 85 °C − 25 °C

85369010 100,000

Electrical values

Rated current (40 °C) 1 A Rated voltage 63 V Rated impulse voltage 800 V Pollution degree Overvoltage category Ш Insulating material group $\geq 10^{10} \, \Omega$ Insulation resistance **EMC** compliance

shielding is not possible Degree of protection

Mechanical operation > 500 Mating cycles

Material

Contact material CuSn (bronze) Contact plating Au (gold) Contact body material PA (UL94 HB) Housing material

Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.
